THE BUYERS' GUIDE.

THE PRICE FIGHTER'S BLOWS

One punch of his good right knocks down the high price of Tobacco Transplanters from \$60 to \$42.90. The toughest oak will succumb to a buzz saw with teeth properly set. It was utterly impossible for Tobacco Settlers to remain at \$60 with The Price Fighter in the business. I offer you today the latest improved Tobacco Transplanter for \$42.90, guaranteed to work where others fail. Of course you will buy one.

One short arm punch of his left knocks down the high price of Malta Double Shore Plows from \$3.50 to \$1.95. I have 200 Malta Double Shore Plows to sell you at \$1.95. It always pays to trade with The Price Fighter.

Two good punches of his trusty right, one little jab and three hooks of his left knock down the high price of All Kinds of FURNITURE! Never to rise again. Furniture is down to sell. High prices are forever out. Go where you will, all over this section of the country—Mayville, Ripley, Augusta, Brookville, Flemingsburg, Vanceburg, Manchester—you will find

the dealers all complaining, waiting thus: "There is nothing in the business so sure as profits are cut down to nothing since the Price Fighter opened in Mayville and Brookville." Say, the war is over and they don't know it. Our plan is "How cheap can I sell this chair and sell lots of em quick?" I just bought 45 dozen Rocking Chairs that have always sold for \$18 per dozen. I bought 'em cheap, so cheap that I find that I can sell 'em to you at \$11.95 each. They are big solid oak cane seat Rocking Chairs with big wide arms, and have always sold for \$2 each. When they arrive I'll send you word and you can come and look at them.

At last a CORN DRILL has been invented that is accurate. We heard of it and got it. It's a wonder. You will enjoy examining it even if you ever see to buy. It is almost human. Come and see it.

Just received, a carload of Folding Beds as Low as \$8.15. A big solid oak Upright Folding Bed, with 18x40 beveled plate mirror, only \$19.90. This bed is warranted to cost you \$24.50 in any other store. Come look at it.

At last there has been patented a Riding Cultivator that Cultivates. We heard of it and bought it. It has six shovels, three on each beam. These beams are carried by an immense coil spring, leaving the shovels flexible, so flexible that by merely inclining the foot the operator can accurately follow a row, plowing right up to the plant. If you use it you will buy it. We have the largest line of Riding and Walking Cultivators in the Ohio Valley, and it costs you nothing to look at them.

A live oak center lever STEEL CULTIVATOR for only \$2.00. A solid oak BEDROOM SUIT—big bed, dresser and washstand—\$8.85. Just received, a carload of STEEL HOOPING that was bought before the last advance. I can save you money on Hooping. Carry all kinds in stock. V. Crimp, Double V. Crimp and Roll and Cap.

A CARLOR STAND with fancy shawl, etc., and everything else in the Furniture line just as cheap. Our Furniture Department is replete with all the newest styles—all sold on our famous 10 per cent. plan. We sell good Furniture lower than any other house on earth. We handle good Furniture—no trash. You can sit in our chairs without fear of falling. You can lean back in our wood seat chairs without breaking off the back.

SOLID OAK BEDSTEAD, \$11.15.

Rest two-horse FARM WAGON on earth—\$37 for gears and brake or \$47.25 complete with box bed; lazy back spring seat, anti-spreaders and double brake.

We buy Disc Harrows in carload lots, taking advantage of car prices. Then we discount the bill. We can save you money on Disc Harrows sure. Work on the level, leave a clean furrow behind you, but that the seed of a good example will properly prosper. This can best be done by using Blevins' Center Cut Disc Harrows. They have thirteen discs, six in one gang and seven in the other, thus cutting out all the center. They leave no hard ridge in the center of the furrow where seed won't grow, other harrows do. One gang is peculiarly hinged behind the other in such a manner as to level up the ground instead of throwing it all away from the center as others do. This peculiarity is patented and last year occasioned twenty-seven law suits. It's a good thing, and every one's after it. You will be after it too if you ever see one at work. Our business is Disc Harrows—we are right at home there. Come see us.

See our TWO-HORSE CORN PLANTER and CHECK ROWER that winds up its cable while planting the last row. Nothing else like it ever invented.

Our stores are full of curiosities. Always glad to show 'em to you; that's our business.

Battle Near Pullian in Which 6 Americans Were Killed and 28 Wounded—Nearly 300 Dead Natives Were Counted Along the Country Traversed.

New York, April 26.—A dispatch to the Journal from Manila, April 25, says: Gen. MacArthur's division, 6,000 troops, annihilated the insurgents at Calumpit Wednesday. Aguinado's troops made a stubborn resistance but were driven to the hills. Eight Americans were killed. Calumpit is the key to the whole of northern Luzon.

MANILA, April 26.—Gen. Hale's brigade, consisting of the Nebraska, Iowa and South Dakota regiments with three guns, which left Manila Monday, followed the west bank of the Rio Grande river to a ford. Many small bands of rebels were encountered, and during the afternoon the Americans discovered several hundred of the enemy entrenched near Pullian, north of Quingano. Our troops attacked the rebels, losing six men killed and 25 wounded. Gen. Hale's troops claim that nearly 300 dead natives were counted along the country traversed. Among the dead was a Spanish captain.

The South Dakota regiment bore the brunt of the fighting and had five men killed and nine wounded.

The temperature Tuesday was 94 degrees and several cases of sunstroke were reported.

The weather was cloudy. The country traversed by our troops is thickly wooded and the hardest for fighting. The rebels along the highway were reinforced in Calumpit as troops under Gen. Hale approached. During the day the Americans captured 35 prisoners. As this dispatch is sent the rebels are retreating in the direction of Calumpit.

The Filipino troops engaged were well uniformed and well drilled. As the campaign progresses, the rebel troops are improving. They are adopting American methods and the accuracy of their shooting is evoked by the fact that five Americans were shot in the head. Gen. Hale, at 4 o'clock Tuesday morning, crossed the river and advanced on Calumpit.

Gen. MacArthur's division also advanced and nine of the armored cars were pushed ahead on the railroad.

The Kansas regiment advanced on the right of the track and the Montana regiment pushed forward on its left. The rebels are already retreating to Malolos and are becoming troublesome. They fired on an ambulance Monday which was passing across the plain and they have driven the Chinese out.

The 3d artillery patrolled the town Monday night.

WASHINGTON, April 26.—The following has been received at the war department from Gen. Otis:

MANILA, April 25.—Adjutant General, Washington: Hale's brigade, Gen. MacArthur's division, moved down right bank Quingano river yesterday morning, driving enemy with heavy loss, taking his intrenchments in flank. Casualty: six killed, 12 wounded. The division has now invested Calumpit, which will be taken to day. Lawton, with part of his command reaches Norzagaray this evening, where he will be joined by a center column from Ilocos. Extreme heat, rain, high streams, bad roads made marching very difficult. He has not met opposition since leaving Novalesche, the enemy retreating in his front. South of and near Manila the enemy has a force of 4,000, making demonstrations daily; can be easily taken care of. It can not withdraw with the north.

A Plan for Holding Them Simultaneously Throughout the World May 15.

FORMULATED BY MAY WRIGHT SEWELL.

Universal and International Demonstration in Favor of the Czar's Peace Proposal.

Addresses of Sympathy Will Be Exchanged by the Czar in 1918 in Civilized Countries—The Meetings Will Send Resolutions to Peace Conference.

INDIANAPOLIS, Ind., April 26.—As the American member of the International Peace and Arbitration committee, Mrs. May Wright Sewell is sending out the following plan for holding simultaneous peace meetings throughout the world on May 15.

"A universal and international demonstration is to take place in favor of the aims for which the peace conference that will open May 18 at the Hague, has been called together by the invitation of the czar. This demonstration will consist in simultaneous meetings of women held as much as possible on the same day for which the 15th of May has been fixed in most of the more important towns all over the civilized world. In the simultaneous meetings the women will meet together the universal and unanimous will for the idea of peace and the promotion of the principles of justice, instead of force, in the international relations of people. Resolutions will be exchanged, addresses of sympathy with all the other women gathered for the same cause at the same hour in other countries.

"These meetings must be held, in as much as possible, in all the important towns of each country. The organization and execution ought to be centered in one hand, which also would take the charge of sending out resolutions and addresses of sympathy which will be exchanged between countries and which will have to be distributed to all places in the country, which will be arranged in time so that they may all be read aloud during these meetings. These addresses have to be sent before hand until the 8th of May, by members of the central committee of one country to that of all the other countries, which will probably amount to 15 or 18, and will have to be forwarded to the different meetings in copies.

"The meetings will endorse short resolutions, addressed to the governments and to the peace conference, and the passage of these resolutions has to be communicated before May 17 to the following address: Versailles, France.

"May Wright Sewell, honorary president of the National Council of Women of the United States, and vice president of the International Council of Women, has addressed a letter to the czar of Russia, thanking him in the name of the 1,340,000 women of the United States included in the membership of the council, for his action in calling a convention of the representatives of all nations to consider the disarmament of the armies of the world.

In her letter Mrs. Sewell says: "The women of the council believe that whatever is most promotive of the best interests of one nation must in the end secure the highest interests of all. They see in the maintenance and enlargement of the present standing armies of the world a menace to the highest civilization, to the finest culture and to the realization of Christian ideals. They therefore urge the desire that his majesty's motives in convening a conference to consider disarmament may receive from all people the most generous interpretation. They unite in the hope that his majesty, in the execution of his benevolent designs, may enjoy the co-operation of governments of all civilized countries throughout the world.

Gen. Otis Asks Gen. Rios Not to Withdraw the Spanish Troops From Here Yet.

Jacobs' Fraudulent Stamp.

LANCASTER, Pa., April 26.—An examination was made Tuesday of W. M. A Project on Foot to Establish One Between the United States and Germany.

GERMAN-AMERICAN TELEGRAPH CO.

The Scheme Has the Active Support of the German Ambassador in Washington and Others.

President McKinley, at the Instance of Secretary Hay, Approves of the Project—The Cable Line Will Not Touch on British Soil.

WASHINGTON, April 26.—A signal evidence of the purpose of the United States to maintain friendly relations with Germany has been given in the favorable action of the president at the instance of Secretary Hay, in approving the project for a new trans-Atlantic cable running between Germany and the United States. The project was brought forward by prominent German American interests and has had the active support of the German ambassador here, Dr. Von Holleben.

The new company is to be known as the German-American Telegraph Co., and, among those interested in it, are prominent firms in Germany, as well as a number of Americans. The details of organization have been in charge of Mr. Sporer, in New York. The negotiations here have brought out a favorable opinion from the attorney general as to the right of granting cable lands in the United States, as well as the exchanges of an international aspect which have proceeded between Secretary Hay and Dr. Von Holleben. The German terminus of the cable will, it is understood, be at Bonn, a watering place in the province of Hesse-Nassau, Prussia, near Coblenz. The American terminus is expected to be at New York. The route of the line will be by way of the Azores, a Portuguese possession, so that it is presumed that concessions also have been obtained from Portugal. This will be the first cable ever laid between Germany and the United States, and with the Franco-American cable will be the only line not touching on British soil.
